

FATHER'S DAY BIRD ART

Materials

Thick White Paper (regular is fine, but thick is better) or a Canvas (Dollar Store!)

Paint/Paint brush/Cup of Water

Black Construction Paper

Black pen or felt

Scissors

Glue

Instructions

Paint your paper or canvas using warm colours (red, orange, yellow) or cool colours (blue, purple, turquoise)

Paint each colour horizontally across the paper/canvas. Its ok to overlap/blend the colours a little bit.

While your paper/canvas is drying, cut out 2 bird shapes (similar to above), with adult help if needed. It may help to draw the bird shape in pencil first. One shape should be big (daddy bird) and one should be small (baby bird)

When the paint is dry, draw a line horizontally across the page, like a telephone wire.

Glue the two bird shapes side by side on the black line.

Write your name and Happy Fathers Day 2020 at the bottom of your art.

Give it to your dad or someone special on Fathers Day!
