

Celebrating Fine-Arts Week at LPS with Pablo Picasso

Picasso was an extraordinary artist who created many different styles of art. He created pieces in the Blue period, the Rose period and he **created the style known as cubism**. Picasso adored shapes and he used the shapes to **create abstract pieces** of art.

Abstract art looks recognizable but very strange to some people. Picasso used colour and shape to express himself.

The best part about creating abstract art is that it always looks fantastic! Have fun!

Your challenge is to create a self portrait in Picasso's style.
